01 / ABOUT BLUE SAND

A Port Sudan trade house for Africa's agricultural exports

We connect international buyers with Sudan's leading agricultural commodities, sourced at origin and shipped to specification.

Blue Sand CO.LTD is an export and import company based in Port Sudan on the Red Sea. We buy directly from Sudanese growers and cooperatives, clean and grade each lot to the buyer's specification, and prepare the export documents that customs authorities require.

Our range covers oilseeds, natural gums, pulses, grains, botanicals, fibre and livestock. Alongside exports, we import agricultural machinery, solar equipment, FMCG and electronics for Sudanese and regional markets.

MISSION

Connecting Africa to the world

To connect Africa's agricultural resources with international markets through sustainable practices and fair trade.

VISION

A trusted name in global trade

To be a recognised leader in export and import, delivering Africa's finest agricultural products with quality and integrity.

BLUE SAND CO.LTD

PORT SUDAN · RED SEA STATE · SUDAN

What buyers can expect from every Blue Sand shipment

Our commitments are practical: the right product, to the agreed specification, with the documents your customs authority needs.

I

Direct sourcing

Procured from Sudanese growers and cooperatives, traceable back to origin.

II

Graded to specification

Cleaned, sorted and checked against your purity, moisture and size limits.

III

Full documentation

Certificate of Origin, Phytosanitary and Fumigation certificates with each shipment.

IV

Flexible terms

FOB Port Sudan as standard, with CIF to your destination port on request.

V

Samples first

Samples available before bulk orders, so you can approve quality in advance.

VI

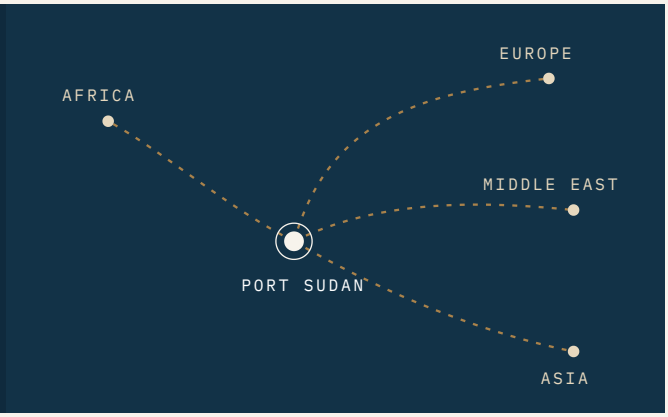

Two-way trade

We also import machinery, solar equipment, FMCG and electronics.

RED SEA GATEWAY

Shipping from Port Sudan

Port Sudan sits directly across the Red Sea from Jeddah, with sea routes north through the Suez Canal to Europe, east to the Gulf and Asia, and along the African coast.

Middle East

RED SESAME

03 / OILSEEDS

Sesame Seeds

Export-grade white and red Sudanese sesame, cleaned and graded for food manufacturers and oil extraction.

01 **Direct sourcing.** Procured from Sudanese fields, traceable back to origin.

02 **Premium grade.** Sorted and cleaned for high purity, for bakery, tahini and confectionery.

03 **High oil content.** Naturally rich in oil, preferred by oil extraction industries.

White Sesame

Mild, nutty flavour for tahini, bakery and confectionery.

Red Sesame

Deeper colour and stronger flavour, for oil and seasoning.

Specification

TYPICAL VALUES

USES Tahini, bakery, confectionery, oil extraction

GUM ARABIC, EXPORT BAGS

04 / NATURAL GUMS

Gum Arabic *E414*

Hand-harvested Hashab and Talha from Sudan, the world's leading origin, supplying an estimated 60–80% of global gum arabic.

01 **Hashab (Acacia senegal).** The premium grade, valued for emulsifying strength, clarity and stable viscosity in beverages and pharmaceuticals.

02 **Talha (Acacia seyal).** A versatile, cost-effective grade for confectionery, lithography and industrial use.

03 **Hand-harvested at origin.** Tapped by farming communities in the Sudanese gum belt and procured directly for traceability.

Food, beverage & pharma grades

Processed to international standards for food (E414), beverage, cosmetic and pharmaceutical use.

Specification

12 / EXPORT PROCESS

From origin to your port

Every shipment leaves through Port Sudan on the Red Sea, with direct sea routes to the Middle East, Europe, Asia and Africa.

1
Sourcing
Bought direct from growers and cooperatives and consolidated for export.

2
Cleaning & grading
Cleaned, sorted and bagged to your specification.

3
Inspection
Phytosanitary inspection, fumigation and Certificate of Origin.

4
Container loading
Typically 19 MT per 20 ft or 27 MT per 40 ft for bagged sesame.

5
Customs & shipping
Export clearance at Port Sudan and loading on the vessel.

6
Documents to you
Bill of Lading and the full document set for your customs clearance.

Certificate of Origin
Issued by the relevant Sudanese authorities, verifying origin.

Phytosanitary
Confirms the cargo is free of pests and diseases.

Fumigation
Documents pest control applied before shipping.
